

Objective

Predict world-wide box office gross using only information available prior to release

Approach

Linear regression:

- Model has seven features
- Trained on data from 400+ recent releases (2012 – 2016)
- Sources:

Box Office **Mojo**

Result

Adjusted $R^2 \sim 0.78$

Hits and Misses

Movie	Prediction	Actual
Madagascar 3: Europe's Most Wanted	752	747
St. Vincent	55	55
Bridge of Spies	166	165

Movie	Prediction	Actual
Winter's Tale	190	31
The Book of Life (2014)	209	100
Philomena	-10	100

Data

What's known before release?

Budget

Production company

Distributor

Producers

Actors

Directors

Writers

Composers

Data

		Artist Scores					
Movie	Budget	Actors	Directors	Producers	Writers	Genre	Rating
The Purge	3	42	68	287	43	Drama	R
Sinister	3	17	93	71	221	Horror	R
The Boy Next Door	4	122	53	59	35	Drama	R
The Company You Keep	2	454	31	5	20	Drama	R
Fruitvale Station	1	141	63	16	63	Drama	R
The Last Exorcism Part II	4	28	8	79	40	Horror	PG13

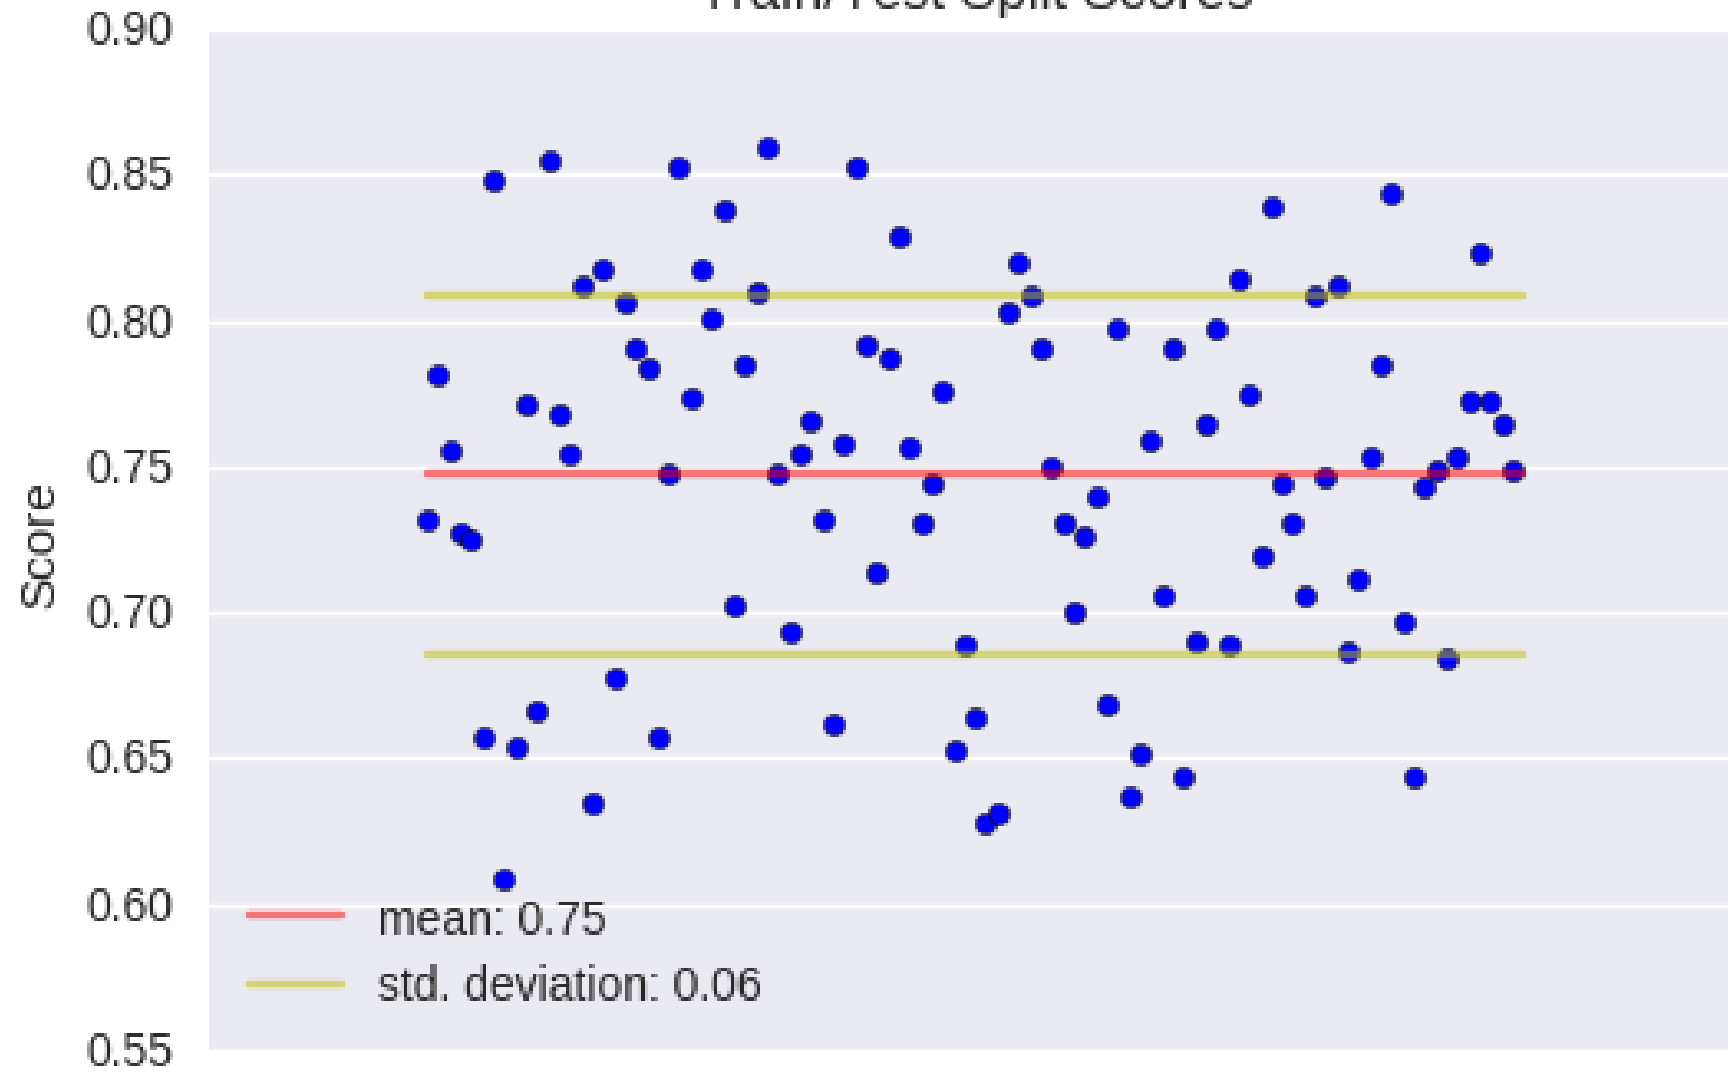

Artists		Average Gross	Total
Director:	Joss Whedon	\$278 Million	\$278 Million
Writers:	Zak Penn Joss Whedon	\$119 Million \$151 Million	\$270 Million
Actors:	Robert Downey, Jr. Chris Hemsworth Chris Evans Jeremy Renner Mark Ruffalo Scarlett Johansson Clark Gregg Samuel L. Jackson Cobie Smulders Tom Hiddleston Stellan Skarsgard Gwyneth Paltrow Paul Bettany	\$75 Million \$135 Million \$107 Million \$118 Million \$56 Million \$95 Million \$101 Million \$69 Million - \$99 Million \$74 Million \$56 Million \$78 Million	\$1.1 Billion
Producers:	Victoria Alonso Louis D'Esposito Jon Favreau Kevin Feige ...	\$417 Million \$297 Million \$240 Million \$229 Million	\$1.8 Billion

Thoughts and Observations

- Franchises with recurring artists are more predictable
- Variables are not independent (e.g., low budget films cannot afford star artists)
- Using a single number for artist score is wrong; it varies over time
